

CMRC Apartment Tour Information:

Occasionally CMRC Management is asked to provide tours for visitors from other universities as well as students who are interested in living at CMRC. Because every apartment is rented, an occupied unit must be used for these endeavors.

If you and your roommates are interested in your unit being used as a tour apartment, please complete and submit the below application. The tour apartment will be based on the following criteria.

- Willingness of all unit residents to allow entry into common areas and bedrooms (with 24 hour notices)
- Commitment by all unit residents to present an attractive unit, for all tours.
- Unit decorations to show your apartment in the best light.

Rewards for becoming the tour apartment will be given to participating individuals.

There is no requirement for residents to be home during tours. If you have any questions about the program please email cmcauliffe@capstonemail.com or call 301-352-1600
